A step above... in Quality, Selection, and Design

Quality

All our products are manufactured from the highest quality materials and undergo meticulous examination to ensure only the best products reach your door. We believe strongly in the quality, integrity, and reliability of our products and offer a lifetime warranty on all Jeffrey Alexander decorative hardware (see page 208).

Selection

Jeffrey Alexander offers 60+ patented and original collections plus a variety of industry-standard designs in a wide range of styles and finishes. With extended lengths as well as appliance handles available in many of our collections, there's something for everyone.

Design

Inspiration comes from the latest styles in interior design to the newest fashion trends on the runway. That inspiration is creatively transformed into beautiful hardware for any kitchen, bath, or home project. Our designs are heavier in weight with solid or flat backs, not hollow backs, adding a touch of luxury while providing a comfortable feel in your hand.

DRAMATIC

Katharine brings a bit of dramatic glamour to any home. Harkening days of Old Hollywood, this alluring and curvaceous square knob sits atop stacked square feet. The soft square is echoed in the coordinating pull and is combined with a slightly higher hand clearance, making it a great option for aging in place. Choose from four classic finishes to complete any traditional or transitional space.

MODERNISTIC

The combination of a stately stepped profile and structured soft-square shape gives Richard an air of modernistic magnificence. Long balanced lines are echoed in both its pulls and knobs, adding charisma to any style cabinet it is coupled with.

Design Idea

Pair Richard's standard pulls or appliance handles with the Renzo cup pulls to create a modern, debonair presence in any space. Find the Renzo Collection on pages 92–93.

All brushed, antique, and distressed finishes are created by hand to add texture to the item. We hold a tight range of acceptance for color variation, however, a slight variance in the texture and tone of these items can occur. We consider these variances to be minimal; slight variations are normal.
